Vancouver, BC - February 18, 2015 - [MPH Ventures Corp.](#) (TSX-V: MPS) (OTCBB: MPSFF) (Frankfurt: IJA2) (the "Company") announces that, with the recent shift in American policy towards Cuba, management intends to evaluate potential investments in Cuba.

At this time, no transactions have concluded nor is there any assurance that a suitable investment in a Cuban project will be concluded in the future. Any transaction, if concluded, will require regulatory approval.

MPH Ventures is also pleased to announce the appointment of Mr. Gavin McMillan to a newly formed Advisory Board to the Company.

Mr. McMillan has over 20 years of experience developing innovative information and infrastructure solutions, developing brand management, negotiating licenses, rights and permits and developing the sales and marketing structure for companies. Within the last 15 years, Mr. McMillan has been involved in a number of market sectors. Projects have ranged from supporting mineral exploration and developments worldwide to the identifying and negotiating the rights to develop a Cuban based wireless communications company. Most recently, Mr. McMillan has been involved in developing and financing of several projects through an innovative alternative investment fund. These projects included the restructuring of an international telecommunications venture, creating the structure and business plan for a national US broadcast television-movie production company, and the creation of a China based cruise and land based resort company.

Mr. McMillan has also led the development of several patents within the technology and telecommunications industry. Specializing in international business development, Mr. McMillan has maintained offices and operations for ventures based in North and Latin America, Cuba, Russia, Ukraine, and Europe.

MPH Ventures also announces a non-brokered private placement of up to 10,000,000 units (the "Unit") at a price of \$0.05 per unit to raise proceeds of up to \$500,000. Each Warrant will entitle the holder to purchase one common share for a period of five years at a price of \$0.075 per share. The Company intends to utilize the proceeds from this private placement for investment investigation and for general working capital purposes.

A finder's fee of up to 7% cash and 7% non-transferable warrants (the "Finder's Warrants") may be paid in connection with part of this private placement. Each Finder's Warrant will entitle the finder to purchase a common share at a price of \$0.075 per share for a period of five years from the closing date of the private placement.

The private placement is subject to TSX Venture Exchange acceptance.
