

Carlisle Goldfields Limited to Host Manitoba Chief at PDAC

25.02.2015 | [GlobeNewswire](#)

TORONTO, Feb. 25, 2015 (GLOBE NEWSWIRE) -- [Carlisle Goldfields Ltd.](#) ("Carlisle" or the "Company") (TSX:CGJ) is pleased to announce that Carlisle will host Chief Andrew Colomb of the Marcel Colomb First Nation ("MCFN") at Booth #2209 of the PDAC Investor Exchange on Tuesday, March 3, 2015. Management and Company technical staff will also be available to discuss Carlisle's Lynn Lake Gold Camp and the Lynn Lake Joint Venture.

About Carlisle:

[Carlisle Goldfields Ltd.](#) is a gold exploration and development company focused on development of its Lynn Lake Gold Camp in Lynn Lake, Manitoba, Canada. Carlisle has NI 43-101 compliant mineral resource estimates on five (5) deposits within its Lynn Lake Gold Camp, four of which form the basis for the December, 2013 PEA (Farley Lake Mine Deposit, MacLellan Mine Deposit, Burnt Timber Mine Deposit, and Linkwood Deposit).

The results of the subsequent Optimized Preliminary Economic Assessment (OPEA) reported on February 27, 2014 focused on an open pit mining and processing model for the historical Farley Lake Mine and MacLellan Mine deposits. The latter is the starting point for further feasibility level engineering and development work by the Lynn Lake Joint Venture with AuRico as Operator.

Carlisle's objective, together with AuRico, its provincial and municipal governments, and First Nation project stakeholders, is to efficiently advance the Lynn Lake Gold Camp Project through bankable feasibility study, environmental and mine permitting to set the stage for resumption of gold production in the historical Lynn Lake mining camp, Manitoba.

Further details including mineral resource technical reports are available on SEDAR (www.sedar.com) or carlislegold.com/resource-summary.php.
