

Leading Independent Advisory Firms ISS and Glass Lewis Recommend Shareholders of Probe Mines Limited

27.02.2015 | [Marketwired](#)

Vote FOR the Proposed Plan of Arrangement Between Probe Mines Limited and Goldcorp Inc.

[Probe Mines Ltd.](#) (TSX VENTURE:PRB) ("Probe" or the "Company") is pleased to announce that both Institutional Shareholder Services Inc. ("ISS") and Glass Lewis and Co. ("Glass Lewis"), two leading independent proxy advisory firms have recommended that shareholders of Probe support the proposed plan of arrangement (the "Arrangement") between Probe and [Goldcorp Inc.](#) ("Goldcorp") at the special meeting of Probe shareholders scheduled for March 11, 2015. If shareholders approve the Arrangement, Probe shareholders will receive for each Probe share that they hold 0.1755 of a common share of Goldcorp, \$0.001 in cash and 0.3333 of a common share of [Probe Metals Inc.](#), a newly incorporated company. Goldcorp will acquire all the issued and outstanding Probe shares if shareholders vote FOR the arrangement.

The ISS endorsement noted that a vote for the Arrangement is warranted based on "the significant implied premium and the reasonable strategic rationale" of the Arrangement. Glass Lewis called the transaction "strategically compelling for Probe shareholders". In reaching its conclusion, Glass Lewis commented that Probe shareholders could benefit from the producing assets, greater scale and financial resources of the combined company.

Both ISS and Glass Lewis noted that the Arrangement offered Probe shareholders the opportunity to own shares in a high quality, low-cost gold producer with an industry leading dividend and a positive free cash flow generating ability as well as exposure to Goldcorp's portfolio of well diversified world-class assets in safe jurisdictions.

We encourage all Probe shareholders to read the Information Circular with respect to the Arrangement, which was mailed to Probe shareholders of record as of February 9, 2015. The Information Circular is available on SEDAR at www.sedar.com and contains a detailed description of the Arrangement.

The board of directors of Probe unanimously recommends that Probe shareholders vote FOR the Arrangement and the related resolutions to be considered at Special Meeting of Probe shareholders on March 11, 2015.

Probe shareholders are reminded to vote before the proxy cut-off time at 10:00 a.m. (Toronto time) on Monday March 9, 2015.

Forward-Looking Statements: Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release. This News Release includes certain "forward-looking statements" which are not comprised of historical facts. Forward-looking statements include estimates and statements that describe the Company's future plans, objectives or goals, including words to the effect that the Company or management expects a stated condition or result to occur. Forward-looking statements may be identified by such terms as "believes", "anticipates", "expects", "estimates", "may", "could", "would", "will", or "plan".

Since forward-looking statements are based on assumptions and address future events and conditions, by their very nature they involve inherent risks and uncertainties. Although these statements are based on information currently available to the Company, the Company provides no assurance that actual results will meet management's expectations. Risks, uncertainties and other factors involved with forward-looking information could cause actual events, results, performance, prospects and opportunities to differ materially from those expressed or implied by such forward-looking information. Forward looking information in this news release includes, but is not limited to, the Company's objectives, goals or future plans, statements regarding the completion of the acquisition of the Company by Goldcorp, exploration results, potential mineralization, the estimation of mineral resources, exploration and mine development plans, timing of the commencement of operations and estimates of market conditions. Factors that could cause actual results to differ materially from such forward-looking information include, but are not limited to an inability to satisfy the conditions required to complete the acquisition of the Company by Goldcorp, failure to identify mineral resources, failure to convert estimated mineral resources to reserves, the inability to complete a feasibility study which recommends a production decision, the preliminary nature of metallurgical test results, delays in obtaining or failures to obtain required governmental, environmental or other project approvals, political risks, inability to fulfill the duty to accommodate First Nations and other indigenous peoples, uncertainties relating to the availability and costs of financing needed in the future, changes in equity markets, inflation, changes in exchange rates, fluctuations in commodity prices, delays in the development of projects, capital and operating costs varying significantly from estimates and the other risks involved in the mineral exploration and development industry, and those risks set out in the Company's public documents filed on SEDAR. Although the Company believes that the assumptions and factors used in preparing the forward-looking information in this news release are reasonable, undue reliance should not be placed on such information, which only applies as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law.
