

Alpha Exploration Inc. Completes Airborne Surveys at Hook, Kelic and Carpenter Properties

12.03.2015 | [Newsfile](#)

Vancouver, March 12, 2015 - [Alpha Exploration Inc.](#) (TSXV: AEX) ("Alpha" or the "Company") is pleased to announce that it has completed airborne geophysical surveys on each of its Hook Lake, Kelic Lake and Carpenter Lake properties located in the Athabasca Basin of northern Saskatchewan.

CGG Canada Services Ltd. (formerly Fugro Geoservices Ltd.) was contracted to carry out the airborne surveys. FALCON® airborne gravity gradiometry was flown over all three properties, and included magnetic and laser scanning digital elevation survey components (see Alpha news release dated September 25, 2014). A radiometric survey was also flown over the Kelic Lake (see Alpha news release dated October 14, 2014) and Carpenter Lake properties.

Survey coverage on the three properties includes:

- Hook Lake: 987 line-km at 200 m line spacing covering approximately 10 x 14 km grid area
- Kelic Lake: 1,210 line-km at 200 m line spacing covering approximately 10 x 11.5 km grid area
- Carpenter Lake: 340 line-km at 100 m line spacing covering approximately 10 x 4 km grid area

Please refer to the Company's website for the Hook Lake, Kelic Lake and Carpenter Lake property location map and Alpha's Athabasca Basin Projects map.

Final results from these surveys are expected in the coming weeks. They will be integrated with extensive compilations of geological, geochemical and geophysical data already in hand for each property in order to refine and prioritize potential future drill targets.

About Alpha Exploration Inc.

[Alpha](#) is a mineral exploration company focused on uranium in the Athabasca Basin in northern Saskatchewan, Canada. The Company is based in Vancouver and its common shares are listed on the TSX Venture Exchange under the symbol "AEX". Alpha is well-financed to actively explore a portfolio of early-stage properties. Technical reports are available on SEDAR (www.sedar.com) for four of the Company's active properties. Alpha continually and proactively reviews opportunities for new properties, whether by staking, joint venture or acquisition.

Additional information about Alpha is available on Alpha's website at www.alpha-aex.com or under its profile on SEDAR at www.sedar.com.

R. Sierd Eriks, P. Geo., VP Exploration, responsible for Alpha's exploration work, and Dr. Michael H. Gunning, Ph.D., P. Geo, President & CEO are Qualified Persons as defined by National Instrument 43-101 and have reviewed and approved the technical disclosure contained in this news release.

On behalf of the Board of Directors of Alpha Exploration Inc.

"Dr. Michael H. Gunning"
President & CEO, Chairman
