

Kiska Metals Corp. Announces Royalty Transaction

12.03.2015 | [Marketwired](#)

VANCOUVER, BC -- (Marketwired - March 12, 2015) - [Kiska Metals Corp.](#) ("Kiska" or the "Company") is pleased to announce that it has entered into a royalty purchase agreement with a private equity fund (the "Fund") on March 11, 2015. The transaction, which is expected to close within 30 days, will result in net proceeds to Kiska of USD\$450,000.

The Fund will acquire the Company's non-core royalties that it holds on the WKP and Waihi West properties in New Zealand. The New Zealand royalties were acquired by Kiska's predecessor company, Geoinformatics, as compensation for data compilation and exploration targeting that it conducted in the Coromandel region.

"Management continually assesses the Company's portfolio in an effort to create value," stated Kiska's President Grant Ewing. "With this latest royalty transaction, Kiska has successfully monetized non-core assets and provided the Company with a non-dilutive financing."

About Kiska Metals Corporation

[Kiska Metals Corp.](#) is a prospect generator company with a diverse portfolio of gold and copper projects throughout North America and Australia. One of the more advanced assets is the Whistler property, Alaska, a district-scale gold-copper porphyry project that has excellent exploration potential. Kiska has numerous gold and copper projects available for option-joint venture as well as an extensive royalty portfolio.
