

Pacific Booker Minerals Inc. Announces Response on Mount Polley Panel Recommendations Submitted

23.03.2015 | [Newsfile](#)

Vancouver, British Columbia--(Newsfile Corp. - March 23, 2015) - [Pacific Booker Minerals Inc.](#) (TSXV: BKM) (NYSE MKT: PBM) ("PBM") has submitted a report to the BC Environmental Assessment Office, the Ministry of Energy and Mines and the Ministry of Environment in response to the Mount Polley Independent Technical Review Board Panel Report Recommendations in regards to the Mount Polley TSF Failure.

The report, prepared by Harvey McLeod of Klohn Crippen Berger Ltd., continues to support their opinion that the Project has been designed using Best Available Practices and can be safely constructed, operated, and closed to protect the environment. It also states that the design of the Morrison Tailings Storage Facility ("TSF") uses Best Available Technologies that are appropriate for the site conditions.

The Company's letter and the Klohn Crippen Berger report have been posted on the Company's website at the following link: <http://www.pacificbooker.com/reports.htm>

No regulatory authority has approved or disapproved the information contained in this news release. This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address future production, reserve potential, exploration drilling, exploitation activities and events or developments that the Company expects are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, statements are not guarantees of future performance and actual results or developments may differ materially from the forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, exploration successes, continued availability of capital and financing, general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and that actual results or developments may differ materially from those projected in the forward-looking statements.

Cautionary Note to U.S. Investors - The United States Securities and Exchange Commission permits U.S. mining companies, in their filings with the SEC, to disclose only those mineral deposits that a company can economically and legally extract or produce. We use certain terms on this website (or press release), such as "measured," "indicated," and "inferred" "resources," that the SEC guidelines strictly prohibit U.S. registered companies from including in their filings with the SEC. U.S. Investors are urged to consider closely the disclosure in our Form 20-F, File No. 0-51453, which may be secured from us, or from the SEC's website at <http://www.sec.gov/edgar.shtml>
