

Vancouver, BC / TheNewswire / April 6, 2015 - [Dajin Resources Corp.](#) ("Dajin") (DJI-V: TSX) (DJIFF: OTC) is pleased to report that being "Blue-Skyed" for the capital markets in the USA may help increase Dajin's exposure and liquidity as we move our Teels Marsh lithium project forward. Being "Blue-Skyed" creates the potential for upwards of 100,000 investment advisors to introduce Dajin to retail investors in small cap companies such as Dajin Resources Corp.

Dajin is committed to increasing its markets exposure to a large potential audience. Dajin will now include direct links in our press releases and on our website to our "Blue Sky" data base more commonly known as The Standard and Poor Market Access Presentation. This feature will provide investors visiting our website, access to the same independent profile S&P Capital IQ is now providing to brokers / financial advisors, institutions, traders and self-directed investors.

About Dajin: ([www.dajin.ca](http://www.dajin.ca))

Dajin is an early stage energy metals exploration company holding a 100% interest in claims known to contain lithium and boron values in the Teels Marsh region of Mineral County, Nevada. These claims, which cover 2,191 hectares (5,414 acres), are located adjacent to the site of US Borax Corp's first borax mine.

Dajin also holds a 100% interest in concessions or concession applications in Jujuy Province, Argentina that were acquired in regions known to contain brines with potassium, lithium and boron values. These concessions total approximately 100,000 hectares (247,000 acres) with 80,248 hectares (198,000 acres) located in the Salinas Grandes/Guayatayoc salt lakes basin adjacent to concessions held by [Orocobre Ltd.](#) (ORL-T: TSX), who is partnered with Toyota Tsusho.
