

VANCOUVER, April 23, 2015 /CNW/ - [Nevsun Resources Ltd.](#) (TSX: NSU) (NYSE MKT: NSU) (Nevsun or the Company) is pleased to announce the release of its 2014 Corporate Social Responsibility (CSR) Report titled "Positive Directions".

"CSR is a cornerstone element of Nevsun's strategy. Our report demonstrates the collaborative, determined efforts to advance a corporate social responsibility program at the Bisha Mine in Eritrea. The CSR Report is our report card to measure the progress on our commitment both nationally and locally with our key stakeholders, including the government of Eritrea, our valued employees and the nearby communities. We have further enhanced dialogue and transparency through direct feedback with both internal and external stakeholders, in Eritrea and globally, to ensure we continue to operate this world class asset in a responsible and sustainable manner" stated Cliff Davis, CEO of Nevsun.

#### 2014 Highlights

- Safety record: achieved over 21 million hours (3 years) without a Lost Time Injury
- Community: engaged with our seven community liaison officers who played a pro-active role assisting with local engagement and maximizing local opportunities for employment
- Environment: managed another year of no reportable environmental incidents and improved fauna/flora management practices including the planting of over 11,000 seedlings for biodiversity offset
- Employees: demonstrated progress on independent human rights impact assessment follow-up recommendations and in training and development, creating opportunities for Eritrean men and women to build their skills
- Economic: paid significant amounts to the State of Eritrea in the form of taxes, royalties and return to the Eritrean National Mining Corporation in 2014

The Global Reporting Initiative (GRI) Sustainability Reporting Guidelines were used in the preparation of this Report and is in accordance with the 'Core' criteria option of the fourth generation (G4) Framework. To view the report, please visit <http://www.nevsun.com/responsibility/reporting/>.
