

Alberta Star Development Corp. Announces Normal Course Issuer Bid

04.05.2015 | [GlobeNewswire](#)

VANCOUVER, British Columbia, May 4, 2015 (GLOBE NEWSWIRE) -- [Alberta Star Development Corp.](#) (TSX-V:ASX) (OTC Pink: ASXSF) (Frankfurt:QLD) (the "Company"), announces today its intention to make a normal course issuer bid (the "Bid") to purchase for cancellation, from time to time, as it considers advisable, up to 1,050,000 of its issued and outstanding common shares, being approximately 4.88% of the Company's currently outstanding common shares and approximately 6.2% of the Company's Public Float (as that term is defined in the policies of the TSX Venture Exchange (the "Exchange")). Commencement of the Bid is subject to the approval of the Exchange. The Bid will commence on May 7, 2015 and will terminate on May 6, 2016, or such earlier time as the Bid is completed or at the option of the Company. The Bid replaces the Company's current normal course issuer bid which expires on May 6, 2015. Jordan Capital Markets Inc. of Vancouver, British Columbia will conduct the Bid on behalf of the Company.

The Bid will be conducted in accordance with applicable securities laws and the policies of the Exchange. Purchases will be made on the open market through the facilities of the Exchange. The price which the Company will pay for any shares purchased by it will be the prevailing market price of such common shares on the Exchange at the time of such purchase. The Company purchased 360,000 of its common shares pursuant to a normal course issuer bid during the previous 12 months. The weighted average price paid per common share was \$0.185. In accordance with Exchange policies, the Company will include a summary of the Bid in the management information circular to be mailed to shareholders of the Company in respect of its next meeting of shareholders, which mailing is expected to take place in the second quarter of 2015.

The Board of Directors of the Company believes that the current and recent market prices for the Company's common shares do not give full effect to their underlying value and that, accordingly, the purchase of common shares under the Bid will increase the proportionate share interest of, and be advantageous to, all remaining shareholders. The normal course purchases will also afford an increased degree of liquidity to current shareholders who would like to dispose of their shares and will serve to stabilize the market price for the Company's shares.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as the term is defined in the Policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
