

VANCOUVER, BRITISH COLUMBIA--(Marketwired - May 6, 2015) - [Select Sands Corp.](#) (TSX VENTURE:SNS) (the "Company") is pleased to announce receipt of an unconditional Authorization to Quarry in respect to its quarry site (referred to as the Sandtown property) located in Independence County, Arkansas. The Authorization to Quarry, which is dated May 1, 2015, was issued by the Arkansas Department of Environmental Quality (ADEQ) pursuant to the Arkansas Quarry Operation, Reclamation and Safe Closure Act for a 5 year period ending April 30, 2020.

Preliminary Economic Assessment by Tetra Tech Inc.:

The Company has engaged Tetra Tech Inc. to complete a mineral resource estimate and preliminary economic assessment (PEA) prepared in accordance with NI 43-101 and based on the recently completed drill program (See March 10, 2015 Press Release). The PEA will be based on the initial resource estimate and provide a conceptual development plan and economic analysis from which the necessary parameters will be derived to complete a full Feasibility Study. The PEA will include a projected Net Present Value ("NPV"), Internal Rate of Return ("IRR"), taking into account current pricing and marketing options related to the silica sand industrial and specialty products markets (glass, construction, and sports/recreation) as well as the frac sand market for use in oil and gas extraction. The Company expects the report to be completed and released in the month of May 2015. The Company has completed a drill program on 200 acres of its 520-acre property. The St. Peter Sandstone formation intersected in the drilling to date remains open to the north and south. Tetra Tech Inc. is an industry leader in the evaluation of mineral deposits and has recently completed similar studies on industrial sand projects located in northern B.C. and Nevada, USA.

Cameron Bartsch, M.Sc., P.Geo., of Tetra Tech, a Qualified Person as defined by National Instrument 43-101, has reviewed the scientific and technical information disclosed in this News Release.

About Select Sands Corp.

Select Sands Sandtown property, located in Northeast Arkansas, USA, is underlain by the Ordovician St. Peter sandstone formation, the source of 'Ottawa White' Tier-1 frac sand/industrial silica sand selling into major US oil and gas basins as well as industrial and speciality end markets. The Sandtown property is located 3.1 miles from Highway 167, near a natural gas pipeline, has an active power line on the property, and is about 14.7 miles away from the nearest rail system (See December 4, 2014 News Release). Sandtown has a competitive location advantage of 650 rail miles closer to Texas/Louisiana oil/gas plays and Houston port and industrial hub over Wisconsin sand mines.

The Company also owns high-grade gold deposits in the La Ronge Gold Belt, northern Saskatchewan, and holds other gold projects located in Ontario and Saskatchewan. The Company's Preview SW Gold Deposit in Saskatchewan, Canada has 158,300 Oz gold and 270,800 Oz gold in Indicated and Inferred Categories, 2.6 million tonnes grading 1.89 g/t gold and 5.7 million tonnes grading 1.48 g/t gold respectively. The gold deposit remains open to expansion in all directions.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this Release.

FORWARD-LOOKING INFORMATION

This News Release includes forward-looking information and statements, which may include, but are not limited to, information and statements regarding or inferring the future business, operations, financial performance, prospects, and other plans, intentions, expectations, estimates, and beliefs of the Company. Information and statements which are not purely historical fact are forward-looking statements. Forward-looking information and statements involve and are subject to assumptions and known and unknown risks, uncertainties, and other factors which may cause actual events, results, performance, or achievements of the Company to be materially different from future events, results, performance, and achievements expressed or implied by forward-looking information and statements herein. Although the Company believes that any forward-looking information and statements herein are reasonable, in light of the use of assumptions and the significant risks and uncertainties inherent in such information and statements, there can be no assurance that any such forward-looking information and statements will prove to be accurate, and accordingly readers are advised to rely on their own evaluation of such risks and uncertainties and should not place undue reliance upon such forward-looking information and statements. Any forward-looking information and statements herein are made as of the date hereof, and except as required by applicable laws, the Company assumes no obligation and disclaims any intention to update or revise any forward-looking information and statements herein or to update the reasons that actual events or results could or do differ from those projected in any forward-looking information and statements herein, whether as a result of new information, future events or results, or otherwise, except as required by applicable laws.
