

CALGARY, May 13, 2015 /CNW/ - [Spyglass Resources Corp.](http://www.spyglassresources.com) ("Spyglass", or the "Company") (TSX: SGL, OTCQX: SGLRF) announces the voting results from its Annual General Meeting of shareholders held on May 13, 2015 in Calgary, Alberta (the "Meeting"). Each of the matters voted on at the Meeting is outlined in the Information Circular dated March 25, 2015 and is available on the company's website at www.spyglassresources.com and on SEDAR at www.sedar.com.

Proxies or ballots were received for a total of 58,443,478 common shares (representing 45.73 percent of the Company's issued and outstanding shares), of which 37,995,245 common shares (representing 29.73 percent of the Company's issued and outstanding shares) were voted with respect to the directors. The voting results for each matter presented at the Meeting are below.

Election of Directors

While each of our directors has been duly elected, for five directors the affirmative votes are less than the withheld votes. In accordance with our Majority Voting Policy, we will promptly engage our Governance, Human Resources and Compensation Committee to determine which steps should be taken in the best interests of the company and the shareholders. The full text of the Majority Voting Policy is available for viewing on the Company's website at www.spyglassresources.com.

Appointment of Auditors

The appointment of PricewaterhouseCoopers LLP, Chartered Accountants, to serve as the Auditors of the Company until the close of the next annual meeting, at remuneration to be fixed by the directors on the recommendation of the Audit Committee.

Additional details in respect the Meeting's voting results can be found on Spyglass' profile at www.sedar.com.

Reader Advisory and Note Regarding Forward Looking Information

Certain statements contained within this press release, and in certain documents incorporated by reference into this document constitute forward looking statements. These statements relate to future events or future performance. All statements, other than statements of historical fact, may be forward looking statements. Forward looking statements are often, but not always, identified by the use of words such as "seek", "anticipate", "budget", "plan", "continue", "estimate", "expect", "forecast", "may", "will", "project", "predict", "potential", "targeting", "intend", "could", "might", "should", "believe" and similar expressions. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward looking statements.

In particular, this press release contains the following forward looking statements pertaining to, without limitation, the following: Spyglass' (i) future production volumes and the timing of when additional production volumes will come on stream; Spyglass' (ii) realized price of commodities in relation to reference prices; (iii) future commodity mix; (iv) future commodity prices; (v) expectations regarding future royalty rates and the realization of royalty incentives; (vi) expectation of future operating costs on a per unit basis; (vii) the relationship of Spyglass' interest expense and the Bank of Canada interest rates; (viii) future general and administrative expenses; future development and exploration activities and the timing thereof; (ix) deferred tax liability; * estimated future contractual obligations; (xi) future liquidity and financial capacity of the Company; (xii) ability to raise capital and to add to reserves through exploration and development; (xiii) ability to obtain equipment in a timely manner to carry out exploration and development activities; (xiv) ability to obtain financing on acceptable terms, and (xv) ability to fund working capital and forecasted capital expenditures. In addition, statements relating to "reserves" or "resources" are deemed to be forward looking statements, as they involve assessments based on certain estimates and assumptions that the resources and reserves described can be profitably produced in the future.

We believe the expectations reflected in the forward looking statements are reasonable but no assurance can be given that our expectations will prove to be correct and consequently, such forward looking statements included in, or incorporated by reference into, this press release should not be unduly relied upon. These statements speak only as of the date of this press release or as of the date specified in the documents incorporated by reference in this press release. The actual results could differ materially from those anticipated as a result of the risk factors set forth below and elsewhere in this press release which include: (i) volatility in market prices for oil and natural gas; (ii) counterparty credit risk; (iii) access to capital; (iv) changes or fluctuations in production levels; (v) liabilities inherent in oil and natural gas operations; (vi) uncertainties associated with estimating oil and natural gas reserves; (vii) competition for, among other things, capital, acquisitions of reserves, undeveloped lands and skilled personnel; (viii) stock market volatility and market valuation of Spyglass' stock; (ix) geological, technical, drilling and processing capabilities; * limitations on insurance; (xi) changes in environmental or legislation applicable to our operations, (xii) our ability to comply with current and future environmental and other laws; (xiii) changes in tax laws and incentive programs relating to the oil and gas industry, and (xiv) the other factors discussed under "Risk Factors" in the Company's 2014 Annual Information Form.

Readers are cautioned that the foregoing lists of factors are not exhaustive. The forward looking statements contained in this press release and the documents incorporated by reference herein are expressly qualified by this cautionary statement. The forward looking statements contained in this press release speak only as of the date thereof and Spyglass does not assume any obligation to publicly update or revise them to reflect new events or circumstances, except as may be required pursuant to applicable securities laws.

Barrel of oil equivalents or BOEs may be misleading, particularly if used in isolation. A BOE conversion ratio of 6 mcf: 1 bbl is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. As the value ratio between natural gas and crude oil based on the current prices of natural gas and crude oil is significantly different from the energy equivalency of 6:1, utilizing a conversion on a 6:1 basis may be misleading as an indication of value.

This press release shall not constitute an offer to sell, nor the solicitation of an offer to buy, any securities in the United States, nor shall there be any sale of securities mentioned in this press release in any State in the United States in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities law of any such State.
