Ten Students to Receive Up to $20,000 Toward Undergraduate Studies in U.S. or Canada

HOUSTON, May 14, 2015 /PRNewswire/ -- Spectra Energy Corp. (NYSE: SE) today announced that 10 children of company employees have been selected to receive up to $5,000 per year in scholarship funds toward undergraduate study at an accredited college or university in the U.S. or Canada.

"Spectra Energy is proud to continue our tradition of offering a scholarship program for the children of our employees. This investment in the future of our employees' children exemplifies our commitment to education and to our most important asset: our team members," said Greg Ebel, chief executive officer of Spectra Energy. "This year's scholarship recipients are well-rounded, demonstrating excellence in education and a strong commitment to community -- two qualities we value at Spectra Energy."

Recipients under the Spectra Energy Scholars Program are graduating high school/secondary school seniors and are chosen annually by an independent committee of judges. The committee selects recipients based on their performance in academics, leadership and participation in school and community activities, honors and awards, work experience and financial need. The scholarships will provide the students up to $20,000 during their four years of undergraduate study.

Two additional students were recognized for their achievements and will each receive a one-time, $2,500 scholarship.
