

HOUSTON, May 19, 2015 /PRNewswire/ -- Spectra Energy Partners' (NYSE: SEP) Bill Yardley will speak at the National Association of Publicly Traded Partnerships (NAPTP) 2015 MLP Investor Conference on Thursday, May 21, 2015. Yardley is president of U.S. Transmission and Storage for [Spectra Energy Corp.](#) (NYSE: SE), the general partner of Spectra Energy Partners.

The presentation is scheduled to begin at 3:30 p.m. ET and will be available via webcast. The presentation and webcast link can be accessed via the Investors section of www.spectraenergypartners.com. A replay of the webcast will be available for up to three months following the event.

Spectra Energy Partners, LP (NYSE: SEP) is a Houston-based master limited partnership, formed by [Spectra Energy Corp.](#) (NYSE: SE). SEP is one of the largest pipeline MLPs in the United States and connects growing supply areas to high-demand markets for natural gas, natural gas liquids, and crude oil. These assets include more than 17,000 miles of transmission and gathering pipelines, approximately 170 billion cubic feet of natural gas storage, and approximately 4.8 million barrels of crude oil storage.
