[Marlin Gold Mining Ltd.](#) (TSX VENTURE:MLN) ("Marlin" or the "Company") is pleased to announce that it has completed its previously announced non-brokered private placement of common shares (the "Equity Offering"). Pursuant to the Equity Offering, Marlin issued 15,625,000 common shares ("Common Shares") at a price of \$0.56 per Common Share for aggregate gross proceeds of approximately \$8,750,000.

The Equity Offering was subscribed for by Wexford Spectrum Trading Limited and Wexford Catalyst Trading Limited (collectively, the "Wexford Funds"), private investment funds managed by Wexford Capital LP ("Wexford"), which subscribed for 85% and 15% of the Common Shares, respectively.

Wexford and the Wexford Funds collectively own, or exercise control or direction over 74,628,682 Common Shares of the Company, representing 81.63% of the current issued and outstanding Common Shares of Marlin. As such, the Equity Offering is considered a "related party transaction" pursuant to Multilateral Instrument 61-101. The transaction is exempt from the requirements to obtain a formal valuation or minority shareholder approval, as the fair market value of the Common Shares to be distributed in the Equity Offering and the consideration to be received by the Company for such Common Shares, represents less than 25% of the Company's market capitalization. The Equity Offering was considered and approved by the board of directors of the Company, other than the directors of the Company who are also affiliated with Wexford, who abstained from such approval. There was no materially contrary view or abstention by any director approving the Equity Offering.

Net proceeds of the Equity Offering will be used to fund the acquisition of [Commonwealth Silver and Gold Mining Inc.](#) and for general corporate purposes.

Update on Marlin's Acquisition of Commonwealth Silver and Gold Mining Inc.

Marlin is also pleased to announce that it expects to complete its acquisition of [Commonwealth Silver and Gold Mining Inc.](#) ("Commonwealth") shortly. The acquisition of Commonwealth provides Marlin a path towards internally financed production growth. To facilitate this acquisition, Marlin has closed the Equity Offering.

The closing of the acquisition of Commonwealth required Marlin to obtain a waiver from its existing creditor, Sprott Resource Lending Partnership ("Sprott Resource Lending"). As a condition for providing a waiver to facilitate the Commonwealth acquisition, Marlin will be issuing 100,000 common shares to Sprott Resource Lending and has also agreed to repay \$5 million of its aggregate \$10 million debt due to Sprott Resource Lending by no later than June 1, 2015.

Marlin Increases Short Term Loan Facility

Marlin also announces that it has increased its existing US\$6 million unsecured facility (the "Facility") from entities controlled by Wexford, Marlin's controlling shareholder, by an additional US\$5 million.

The Facility matures one-year from the first anniversary of the initial advance under the Facility and will accrue interest daily at a rate of 15% per annum. All waivers and consents necessary to complete this facility have been received from Marlin's senior lender, Sprott Resource Lending. The funds raised from the increase in the Facility will be used to repay the Sprott Resource Lending debt and for general corporate purposes.

Wexford is an "insider" (as defined in applicable securities laws) of the Company. Pursuant to Multilateral Instrument 61-101, the Facility is considered a "related party transaction". The Facility is exempt from the requirements to obtain a formal valuation or minority shareholder approval, as the Facility does not have an equity or voting component and is on reasonable commercial terms that are not less advantageous to the Company than if the Facility were obtained from an arm's length party.

All common shares of Marlin issued in connection with the transactions described herein will be subject to a hold period in Canada of four months and one day from the date of issuance.
