About Plata Latina Minerals

Plata Latina Minerals is a Canadian exploration company with a portfolio of four silver-gold properties situated in the prolific Mexican Silver Belt focused on discovering new silver-gold vein districts. The Company is currently concentrating its drilling efforts on its Naranjillo property. Plata Latina's first discovery hole was drilled at Naranjillo, which is approximately 35 kilometres southeast of the world-class Guanajuato epithermal silver-gold vein district in Mexico. Plata Latina's expertise in the ore horizon concept and extensive experience in Mexico provides a competitive edge for discovery of new districts between old historic deposits. Its highly experienced management team and board are focused on developing its portfolio of high-potential targets and exploring additional value-creation opportunities. The Company trades on the TSX Venture Exchange under "PLA".
