

LAKWOOD, COLORADO--(Marketwired - Jun 2, 2015) - [Energy Fuels Inc.](#) (TSX:EFR)(NYSE MKT:UUUU) ("Energy Fuels" or the "Company") is pleased to announce that Stephen P. Antony, President and CEO of Energy Fuels, will be presenting at Cantor Fitzgerald's 2nd Annual Global Uranium Conference on Thursday, June 4, 2013 at 8:30 am (Eastern) in New York City.

Mr. Antony will discuss the Company's recent major accomplishments, including its emergence as the leading diversified producer of uranium in the United States upon the successful completion of its acquisition of [Uranerz Energy Corp.](#) later this year. In addition, Mr. Antony will review how the Company is successfully navigating today's challenging uranium market environment, maintaining a strong balance sheet, and strategically positioning itself for future improvements in the price of uranium.

For those not able to attend in person, a live webcast of Energy Fuels' presentation may be accessed through the following link: <http://wsw.com/webcast/cantor/uuuu>

In addition, a replay of the webcast will be available on Energy Fuels' website (www.energyfuels.com) following the completion of the presentation.

The 2nd Annual Global Uranium Conference will feature presentations by every publicly-traded uranium-focused producer in the World, including Energy Fuels, and other top exploration and development companies. For more information, please visit the conference website, which can be accessed by clicking [here](#).

About Energy Fuels: Energy Fuels is currently America's largest conventional uranium producer. Energy Fuels operates the White Mesa Mill, which is the only conventional uranium mill currently operating in the U.S. The mill is capable of processing 2,000 tons per day of uranium ore and has a licensed capacity of over 8 million lbs. of U₃O₈. Energy Fuels has projects located in a number of Western U.S. states, including a producing mine, mines on standby, and mineral properties in various stages of permitting and development. The Company's common shares are listed on the NYSE MKT under the trading symbol "UUUU", and on the Toronto Stock Exchange under the trading symbol "EFR".

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This news release contains certain "Forward Looking Information" and "Forward Looking Statements" within the meaning of applicable Canadian and United States securities legislation, which may include, but is not limited to statements relating to: the timing, format and content of the Company's presentation, the Company's emergence as the leading integrated producer of uranium in the U.S., strategic positioning, the Company's balance sheet, new sources of revenue, and current and future uranium prices and markets. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects", "does not expect", "is expected", "is likely", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", "does not anticipate", or "believes", or variations of such words and phrases, or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur", "be achieved" or "have the potential to". All statements, other than statements of historical fact, herein are considered to be forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements express or implied by the forward-looking statements. Factors that could cause actual results to differ materially from those anticipated in these forward-looking statements include: the timing and content of the Company's presentation, the Company's emergence as the leading integrated producer of uranium in the U.S., strategic positioning, the Company's balance sheet, new sources of revenue, and current and future uranium prices and markets; and the other factors described under the caption "Risk Factors" in the Company's Annual Information Form dated March 18, 2015, which is available for review on SEDAR at www.sedar.com, and in its Form 40-F, which is available for review on EDGAR at www.sec.gov/edgar.shtml. Forward-looking statements contained herein are made as of the date of this news release, and the Company disclaims, other than as required by law, any obligation to update any forward-looking statements whether as a result of new information, results, future events, circumstances, or if management's estimates or opinions should change, or otherwise. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, the reader is cautioned not to place undue reliance on forward-looking statements.

The Company assumes no obligation to update the information in this communication, except as otherwise required by law. Additional information identifying risks and uncertainties is contained in Energy Fuels' filings with the various securities commissions which are available online at www.sec.gov and www.sedar.com. Forward-looking statements are provided for the purpose of providing information about the current expectations, beliefs and plans of the management of Energy Fuels relating to the future. Readers are cautioned that such statements may not be appropriate for other purposes. Readers are also cautioned not to place undue reliance on these forward-looking statements, that speak only as of the date hereof.
