Background to the Sale Transaction

The Company's Annual General and Special Meeting to consider the Sale Transaction and other matters is scheduled to be held at 10:00 a.m., Vancouver time, on June 23, 2015. The record date for the Meeting is April 23, 2015 and the proxy cutoff time is 10:00 a.m. Vancouver time on Friday, June 19, 2015. YOUR VOTE IS IMPORTANT. If you have not received your proxy materials and were a shareholder on the record date, please contact your broker or the Company to receive a copy of the proxy materials.

Under the Sale Transaction (as more fully described in the Company's Management information and Proxy Circular dated May 25, 2015 and available on the Company's website at www.cbgoldinc.com), the buyer will:

1. Pay CB Gold US\$2,000,000 in cash at closing.
1. Assume over C\$3,000,000 of current liabilities as well as all ongoing liabilities of Leyhat Corporation and its Colombian Branch.
1. Provide a 3% net smelter return participation (the "NSR Participation"), which has both advance royalty payment provisions (capped at US\$15 million) and a buy-back option (also capped at US\$15 million).

Post-closing, CB Gold will continue as a fully funded royalty company with no material liabilities and minimal G&A expenses. This will position the Company to create value for the shareholders through opportunities including project or royalty acquisitions, corporate transactions or the sale of the NSR Participation.

The combined value of the Sale Transaction including the cash payment, the assumption of liabilities, and the buy-back value of the NSR Participation to CB Gold shareholders is in excess of C\$20 million.

Fabio Capponi, CB Gold's President and CEO, states: *"As a significant shareholder myself, I would like to take the opportunity once again to invite fellow CB Gold shareholders to vote FOR the Sale Transaction. This transaction not only provides CB Gold with cash but will also eliminate our negative working capital position at a time when raising equity funds has proven difficult. Moreover, CB Gold will continue to participate in the future upside of the Vetás Gold Project development through the 3% NSR production participation interest, advance payments and a US\$15 million buy-back option."*
