#### About Stans Energy

[Stans Energy Corp.](#) is a resource development company focused on advancing rare earth and specialty metals properties in areas of Central Asia and Russia. Stans acquired the past producing rare earth mine, Kutessay II, in the Kyrgyz Republic in 2009. Since that time the Government of the Republic of Kyrgyzstan took expropriatory actions against the Company's interests in that country. Subsequently Stans Energy applied to international arbitration to resolve the conflict. On June 30, 2014, Stans Energy was awarded US\$118 Million by the Arbitration Tribunal at the Moscow Chamber of Commerce and Industry. On October 24, 2014, Stans Energy obtained a Mareva Injunction arresting 47 million shares of Centerra Gold (TSX: CG) as security in the matter which has now lifted. This security allows the Company to pursue the recognition of its arbitral award against the Kyrgyz Republic in the Canadian court system. Stans is now to replace the Mareva Injunction and continues to seek recognition by the Ontario Superior Court of Justice to collect US\$ 118 Million worth of Centerra Gold shares

We seek safe harbour.
