

Star Gold Corp. Begins Biological Baseline Studies at Longstreet Project

15.06.2015 | [ACCESS Newswire](#)

[Star Gold Corp.](#) ("Star Gold" or the "Company") (OTCQB: SRGZ), announced that it has commenced work on Biological Baseline Studies at the Longstreet Project in Nye County, Nevada.

Star Gold has contracted with Mr. Reinis N. Sipols P.E. of Pack Leader Services LLC to co-ordinate the various studies and interact with all necessary agencies such as the Forestry Service and Bureau of Land Management (BLM).

In April 2015, [Star Gold Corp.](#) contracted with Sue Fox of Wildlife Resource Consultants LLC to begin the biological baseline studies. This is expected to take about twelve months to complete. Additionally, Star Gold has begun to examine vendors for the studies needed for hydrology, cultural resources and additional metallurgical studies.

Commenting on the commencement of the Biological Baseline Studies, Mr. Lindsay Gorrill, Chairman of Star Gold, stated, "This first step is an important one which will feed into an Environmental Impact Statement and ultimately to obtaining a mining license for the Longstreet Project."

About Star Gold Corp.

Star Gold is a gold exploration/development company with 115 unpatented claims located within the Walker Lane belt. The Company is currently focused on developing its flagship property, the Longstreet Property. The Longstreet Property is located in Nye County, Nevada.

Disclaimers

Certain statements in this press release that are not historical facts are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements may be identified by the use of words such as "anticipate," "believe," "expect," "future," "may," "will," "would," "should," "plan," "projected," "intend," and similar expressions. Such forward-looking statements, involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of [Star Gold Corp.](#) (the Company) to be materially different from those expressed or implied by such forward-looking statements. The Company's future operating results are dependent upon many factors, including but not limited to the Company's ability to: (i) obtain sufficient capital or a strategic business arrangement to fund its expansion plans; (ii) build the management and human resources and infrastructure necessary to support the growth of its business; (iii) competitive factors and developments beyond the Company's control; and (iv) other risk factors discussed in the Company's periodic filings with the Securities and Exchange Commission, which are available for review at www.sec.gov under "Search for Company Filings."
