About Eagle Hill Exploration Corporation

[Eagle Hill Exploration Corp.](#) is a Canadian mineral exploration company focused on the exploration and development of the high-grade Windfall Lake gold deposit, located between Val-d'Or and Chibougamau in Quebec, Canada. The bulk of the mineralization occurs in the Main Zone, a southwest/northeast trending zone of stacked mineralized lenses, measuring approximately 600 metres wide and at least 1,400 metres long. The deposit remains open at depth and along strike. Additional exploration and technical work is planned for 2015 and 2016 as the project advances to pre-feasibility. More information is available at www.eaglehillexploration.com.

On June 9, 2015, Eagle Hill announced a proposed combination with [Oban Mining Corp.](#), [Temex Resources Corp.](#), [Ryan Gold Corp.](#) and [Corona Gold Corp.](#) by way of a share exchange takeover bid by Oban. Oban has the option to revise the structure of the Transaction and to proceed by way of plan of arrangement should it conclude that is necessary or desirable. If completed, the proposed combination would create a new leading Canadian focused gold exploration and development company with approximately \$65 million in cash and investments. Completion of the combination is subject to Toronto Stock Exchange approval.
