Dynacor's shareholder base has sent a powerful and clear message to the market and to dissident shareholders.

In the near term, Dynacor will continue moving the Company forward to becoming Peru's largest and most lucrative ore processor together with delivering significant asset growth from its flagship project Tumipampa.

Jean Martineau, President and CEO stated, "*I would like to thank our shareholders for their overwhelming support, record turnout and broad based endorsement of the Corporation's directors and management. We are committed to making decisions that deliver tangible results for our Corporation and its shareholders. We know that there is a lot of work ahead of us as Dynacor continues to grow. Finally, I also wish to acknowledge the dedication and hard work of our employees and the continued support and loyalty of our shareholders. Together we will continue to create value for all.*"

ABOUT DYNACOR GOLD MINES INC.

Dynacor is a gold ore-processing and exploration Corporation active in Peru since 1996. The Corporation differentiates itself from pure exploration companies as it generates income from its wholly owned ore-processing plant. Dynacor's basic share count at 36.4 million outstanding is in the lowest quartile of the resource sector. The Corporation's assets include three exploration properties, including the advanced high-grade gold Tumipampa property and an operating 85,000 TPA gold and silver ore processing mill at Metalex-Huanca. The Corporation recently obtained its permit to construct a brand new 300 tpd mill in Chala Peru. This represents an important milestone for the Corporation's future growth. The Corporation's strength and competitive advantage comes with the experience and knowledge it has developed while working in Peru. Its pride remains in maintaining respect and positive work ethics toward its employees, partners and local communities.
