

VANCOUVER, BC--(Marketwired - June 25, 2015) - [Rokmaster Resources Corp.](#) ("Rokmaster" or the "Company") (TSX VENTURE: RKR) (LMA: RKR) announces that it has completed the acquisition of all of the issued and outstanding shares (the "TMI Shares") of Transworld Mining Investments S.A.C. ("TMI"). As further described in the Company's April 2, 2015 news release, TMI owns a comprehensive exploration database and certain mineral concessions, as well as an option (the "Option") to acquire a fully permitted and producing copper, gold, silver flotation plant (the "Flotation Plant") of 150 tonne per day capacity, as well as certain assets, for the sum of US\$1,200,000. The Flotation Plant is expandable and the site includes a separate non-operating, parallel gold-silver processing plant (the "Processing Plant" and collectively with the Flotation Plant, the "Plants").

The Company paid the purchase price of US\$100,000 for the TMI Shares by issuing to the two individual shareholders of TMI (the "Vendors") a total of 2,455,600 common shares of the Company, at a deemed price of Cdn\$0.05 per share, and share purchase warrants entitling the holder to purchase a total of an additional 2,455,600 common shares of the Company at a price of Cdn\$0.07 per share for a period of six months, following the date that TMI has obtained ownership of the Plants and related assets.

Finder's fees in the amount of US\$8,000 were paid in connection with the acquisition by the issuance to a finder (the "Finder") of 196,448 common shares of the Company at a deemed price of Cdn\$0.05 per share.

The common shares and share purchase warrants issued to the Vendors, as well as the common shares issued to the Finder, are subject to a four-month hold period from the date of closing of the acquisition, in accordance with applicable securities laws.
