Alamos Cautionary Statement

No stock exchange, securities commission or other regulatory authority has approved or disapproved the information contained herein. This News Release includes certain "forward-looking statements". All statements other than statements of historical fact included in this release are forward-looking statements that involve various risks and uncertainties. These forward-looking statements are based on forecasts of future operational or financial results, estimates of amounts not yet determinable and reasonable assumptions of management. Although Alamos has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated or intended. Readers are asked to review the "Risk Factors" set out in Alamos' Annual Information Form and other Alamos filings available on SEDAR and EDGAR. There can be no assurance that such statements will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

AuRico Cautionary Statement

This press release may contain forward-looking statements and forward-looking information as defined under Canadian and U.S. securities laws.

All statements, other than statements of historical fact, are forward-looking statements. The words "expect", "believe", "anticipate", "will", "intend", "estimate", "forecast", "budget" and similar expressions identify forward-looking statements. Forward-looking statements are necessarily based upon a number of factors

and assumptions that, while considered reasonable by management at the time of making such statements, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Known and unknown factors could cause actual results to differ materially from those projected in the forward-looking statements. Readers should refer to the section entitled the Risk Factors in our latest MD&A and other filings available on SEDAR and EDGAR, which set out the material factors that would cause results to differ.
