

Jourdan Resources Inc. Announces Inc. Cease Trade Order

06.07.2015 | [FSCwire](#)

Toronto - [Jourdan Resources Inc.](#) (TSX-V: JOR) ("JOURDAN" or the "Company" or the "Reporting Issuer") (www.jourdan.ca) provides its bi-weekly Default Status Report, as required under National Policy 12-203, Section 4.4 (Alternative Information Guidelines – Default Status Reports), further to its May 5, 2015 Default Announcement press release.

As stated in Jourdan's Default Status Report on June 16, 2015, on May 25, 2015, a hearing was held at which it was ordered that pursuant to paragraph 2 and paragraph 2.1 of subsection 127(1) of the Act that, effective immediately, all trading in and all acquisitions of the securities of the Reporting Issuer, whether direct or indirect, by the Respondents shall cease until two full business days following the receipt by the Commission of all filings the Reporting Issuer is required to make under Ontario securities law, or further order of the Director (the "Order"). As stated in Jourdan's May 19, 2015 Default Status Report press release, pursuant to National Policy 12-203, the outstanding filings were required to be filed by June 30, 2015 (i.e. within two months from the default date) to avoid the issuance of a general cease trade order against Jourdan at such time. The MCTO application action was taken by management of the company in order to allow the company to continue to trade for the benefit of its shareholders.

On June 25, 2015, in response to the Company's June 16, 2015 Default Status Report, the Ontario Securities Commission (OSC) advised the Company that, given that the outstanding Annual Required Filings and Interim Required Filings will not be submitted by the due date of June 30, 2015 (the end of the two month period contemplated by National Policy 12-203 for a MCTO) the OSC will be replacing the MCTO with a General Cease Trade Order (ICTO) on or about July 2, 2015.

Further to the Company's June 16, 2015 Default Status Report, the Company was unable to file its outstanding filings by the June 30, 2015 deadline. As a result, the Company was not in a position to avoid the issuance of a general cease trade order as discussed above. On July 3, 2015, the Investment Industry Regulatory Organization of Canada (IIROC) halted trading in the Company (which the Company is now formally announcing, in accordance with Exchange Policy 3.3 "Timely Disclosure" section 3.8(x)).

The TSX Venture has also advised the Company that, if the Company does not complete its reinstatement to Tier 2 as evidenced by the issuance of an Exchange bulletin, and is unable to meet Tier 2 Continued Listing Requirements ("CLR") within 90 days from the downgrade date (October 1, 2015 being the "NEX Deadline"), the Exchange will transfer the securities of the Company to NEX.

As stated, the Company intends to continue to work on attempting to secure a financing so that it may file its outstanding filings should such financing be obtained. The Company's board of directors and its management confirm that they will work expeditiously with the Company's auditors to meet the obligations relating to the filing of the Required Filings as soon as possible should a financing be obtained.

The Company will make a reinstatement application for a lift of the Cease Trade Orders immediately after filing the Required Filings.

The Company confirms that there are no other material changes to the information contained in the default announcement, or any other material information concerning the affairs of the Company that has not been generally disclosed as of the date of this press release.

About Jourdan Resources

[Jourdan Resources Inc.](#) is a Canadian junior mining exploration company focused on phosphate. We continually strive to maximize shareholder value by targeting the highest quality phosphate projects with a professional and highly experienced management team. Our approach combines creativity, experience, and technical expertise with tenacity and determination to advance existing projects while always being prepared to take advantage of new opportunities that can add value for our shareholders. Cautionary Note Regarding Forward-Looking Statements

Certain statements contained in this news release, including any information as to our strategy, projects, plans or future financial or operating performance and other statements that express management's expectations or estimates of future performance, may constitute forward-looking information (collectively "forward-looking information") within the meaning of Canadian securities laws. Forward-looking information may be identified by terminology such as "may", "will", "could", "should", "expect", "plan", "anticipate", "believe", "intend", "estimate", "projects", "predict", "potential", "continue" or other similar expressions concerning matters that are not historical facts and include, but are not limited to, resource estimates, capital and operating expenditures, economic conditions, availability of sufficient financing, receipt of approvals, satisfaction of closing conditions and any and all other timing, development, operational, financial, economic, legal, regulatory and/or political factors that may influence future events or conditions. Such forward-looking statements are based on a number of material factors and assumptions, including, but not limited to, access to capital markets and other sources of financing and associated cost of funds, final receipt of any required approvals, sufficient working capital for development and operations, access to adequate services and supplies, availability of markets for products, commodity prices, foreign currency exchange rates, interest rates, availability of a qualified work force, availability of manufacturing equipment, no material changes to the tax and regulatory regime, the ultimate ability to execute business plans on economically favourable terms and those material factors and assumptions disclosed in other public filings of Jourdan Resources.

While we consider these assumptions to be reasonable based on information currently available to us, they may prove to be incorrect. Actual results may vary from such forward-looking information for a variety of reasons, including but not limited to, risks and uncertainties disclosed in other public Jourdan Resources filings, changes in general economic, market and business conditions, competition for, among other things, capital and skilled personnel, and other unforeseen events or circumstances, that may cause the actual financial results, performance or achievements of the Company to be materially different from estimated future results, performance or achievements expressed or implied by the forward-looking statements. Copies of the Company's public filings under applicable Canadian securities laws are available at www.sedar.com. The Company further cautions that information contained on, or accessible through, this website is current only as of the date of filing such information and may be superseded by subsequent events or filings. Other than as required by law, Jourdan Resources does not intend, and undertakes no obligation, to update any forward looking information to reflect, among other things, new information or future events.

Although the Company believes many of its properties have promising potential, its properties are in the early stages of exploration. None have yet been shown to contain proven or probable mineral reserves. There can be no assurance that such reserves will be identified on any property, or that, if identified, any mineralization may be economically extracted.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release. Statements in this release that are not historic facts are "forward-looking statements" and readers are cautioned that any such statements are not guarantees of future performance, and that actual developments or results, may vary materially from those in these "forward-looking statement."
