

Vancouver, British Columbia--(Newsfile Corp. - July 8, 2015) - [Pacific Booker Minerals Inc.](#) (TSXV: BKM) (NYSE MKT: PBM) is announcing that the Minister of Environment and the Minister of Energy and Mines have made a decision under Section 17(3)(c) of the Environmental Assessment Act regarding the application that the Company has made for an Environmental Assessment Certificate for the proposed Morrison Copper/Gold Project. The Ministers have ordered that the Morrison Project undergo further assessment. The scope of the further assessment includes many components which were required to be completed in support of the Mines Act/Environmental Management Act permits and was planned to be completed prior to applying for permits after receiving the Environmental Assessment Certificate.

The letter that PBM received and a copy of the order is available at the following link:
http://a100.gov.bc.ca/appsdata/epic/html/deploy/epic_project_doc_list_224_r_q01.html

PBM is committed to constructing and operating the Morrison mine in compliance with industry best practices, using proven technology and in full compliance with all permit requirements.

No regulatory authority has approved or disapproved the information contained in this news release. This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address future production, reserve potential, exploration drilling, exploitation activities and events or developments that the Company expects are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, statements are not guarantees of future performance and actual results or developments may differ materially from the forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, exploration successes, continued availability of capital and financing, general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and that actual results or developments may differ materially from those projected in the forward-looking statements.

Cautionary Note to U.S. Investors - The United States Securities and Exchange Commission permits U.S. mining companies, in their filings with the SEC, to disclose only those mineral deposits that a company can economically and legally extract or produce. We use certain terms on this website (or press release), such as "measured," "indicated," and "inferred" "resources," that the SEC guidelines strictly prohibit U.S. registered companies from including in their filings with the SEC. U.S. Investors are urged to consider closely the disclosure in our Form 20-F, File No. 0-51453, which may be secured from us, or from the SEC's website at <http://www.sec.gov/edgar.shtml>
