General Moly is a U.S.-based molybdenum mineral development, exploration and mining company listed on the NYSE MKT (formerly the NYSE AMEX) and the Toronto Stock Exchange under the symbol GMO. The Company's primary asset, our interest in the Mt. Hope Project located in central Nevada, is considered one of the world's largest and highest grade molybdenum deposits. Combined with the Company's second project, the Liberty Project, a molybdenum and copper property also located in central Nevada, our goal is to become the largest pure play primary molybdenum producer in the world. For more information on the Company, please visit our website at <http://www.generalmoly.com>.
