

Vancouver, BC / TheNewswire / August 12, 2015 - [Durango Resources Inc.](#) (the "Company" or "Durango") reports that additional ground was staked online by management adjacent to the Mayner's Fortune limestone property near Terrace, B.C. which was first announced on July 30, 2015.

Mrs. Marcy Kiesman, CEO, states, "Durango is pleased to expand upon the Mayner's Fortune limestone property based on the information obtained from historical reports. The Company is currently looking at other possible acquisitions related to the proposed Kitimat, B.C. LNG (liquefied natural gas) site and will provide updates as they become available."

About the Mayner's Fortune Prospect

The Mayner's Fortune limestone property is located in the Skeena Mining Division approximately 7.5 kilometres south west of Terrace, BC and 4 kilometres west of Lakelse Lake on Lakelse River. The property is located adjacent to the CNR railway line running between Terrace and Kitimat, less than 50 kilometres away from the proposed LNG (liquefied natural gas) site at Kitimat, BC.

Durango's management and technical team will host an information session on the Mayner's Fortune limestone project in the upcoming weeks once it has reviewed all the historical geological data. Investors wishing to attend may visit www.durangolng.com to register and sign up for periodic updates.

About Durango Resources Inc.

Durango is a natural resource company engaged in the acquisition and exploration of mineral properties. In addition to the Mayner's Fortune limestone project, the Company holds a 100% interest in the Decouverte and Trove gold properties in the Abitibi Region of Quebec, the Albany Spurs graphite property in northeastern Ontario, and the Buckshot graphite property near the Miller Graphite mine in Quebec.
