VANCOUVER, August 28, 2015 - [AsiaBaseMetals Inc.](#) ("AsiaBase" or the "Company") (TSX VENTURE:ABZ) is pleased to announce that effective August 31, 2015 at market open, the Company will consolidate its common shares on the basis of one (1) new post-consolidation common share for every two (2) pre-consolidation common shares. The Company's common shares will begin trading on a post consolidated basis on the TSX Venture Exchange on August 31, 2015.

As a result of the consolidation, the Company's currently outstanding 38,700,448 common shares will be reduced to approximately 19,350,224 common shares. No fractional shares will be issued. Any fractions of a share will be rounded to the nearest whole number of common shares. The Company's name and trading symbol will remain unchanged. The consolidation was approved by the directors of the Company on August 12, 2015 and accepted by the TSX Venture Exchange on August 28, 2015.

Registered shareholders will be required to exchange their share certificates representing pre-consolidation common shares for new share certificates representing post-consolidation common shares. Registered shareholders will be sent a transmittal letter from the Company's transfer agent, Computershare Investor Services Inc. ("Computershare"), as soon as practicable after the effective date of the consolidation. The letter of transmittal will contain instructions on how certificate(s) representing pre-consolidation shares may be surrendered to Computershare. Computershare will forward to each registered shareholder who has provided the required documents a new share certificate representing the number of post-consolidation common shares to which the shareholder is entitled. Until surrendered, each share certificate representing pre-consolidation common shares of the Company will be deemed for all purposes to represent the number of whole post-consolidation common shares to which the holder is entitled as a result of the consolidation.

It is the opinion of the Board of Directors of the Company that the consolidation will facilitate any new equity investment in the Company.
