Nanton, AB / TheNewswire / September 1 2015 - The directors and management of Cerus Energy Group Ltd. ("Cerus" or "the Company") are very pleased to announce that the Company is now officially trading under its new name and trading symbol CEA. The board of directors proposed the name change from [Petrostar Petroleum Corporation](#) to Cerus Energy Group Ltd. in an earlier news release on May 21, 2015. The proposed name was ratified by shareholder vote at the Company's Annual General Meeting held on June 29, 2015. The application to change the name and trading symbol was submitted to the TSX Venture Exchange, which has now been accepted.

The name change to Cerus Energy Group Ltd. was necessary to reflect the Company's reorganization, alignment and new vision for the future. Most importantly, Cerus will leverage its subsidiaries to provide the flexibility and operational strength for the Company to compete and succeed in the energy sector.

At this time the management would like to acknowledge shareholders' continued support as the Company continues to build on its opportunities. We would also like to invite all shareholders and interested parties to visit our new website at www.cerusenergygroup.com.

R. Mackenzie Loree, CEO, Cerus Energy Group stated "We are proud to launch Cerus Energy Group and its integrated and flexible business structure for use in today's fluctuating energy market. Our platform gives Cerus the ability to participate in diverse energy development and operational activities, while also providing capitalization flexibility. Most importantly, we will be able to create long-term and mutually beneficial business alliances with both industry leaders and capital partners.

The Company is focused on the continued development of its existing projects such as the Class B Disposal facility profiled in a Petrostar Petroleum News Release dated 12 May 2015. The Company will provide a comprehensive project update in the near future.

Thank you for continuing to support the Company. We look forward to a strong Q3 and Q4.
