

OKLAHOMA CITY, Sept. 8, 2015 (GLOBE NEWSWIRE) -- [Gulfport Energy Corp.](#) (NASDAQ:GPOR) ("Gulfport" or the "Company") today announced a proposed increase to the Company's borrowing base and the completion of its previously announced acquisition of Paloma Partners III, LLC ("Paloma").

Fall Bank Redetermination

The Bank of Nova Scotia, as Sole Lead Arranger and Administrative Agent of our credit facility, as part of the regular fall 2015 borrowing base redetermination process, will be recommending to the lending syndicate an increase of the borrowing base from \$575 million to \$700 million. Gulfport expects final approval of the borrowing base increase by the bank syndicate to be completed within the next 30 days. On June 30, 2015, Gulfport's revolving credit facility was undrawn with outstanding letters of credit totaling \$92.7 million. Pro forma for the proposed increase to the Company's borrowing base, Gulfport would have approximately \$607.3 million of availability under its revolving credit facility.

Completion of Paloma Acquisition

On August 31, 2015, Gulfport completed its previously announced acquisition of Paloma for a total purchase price of approximately \$301.9 million, including certain closing adjustments. Paloma holds approximately 24,000 net nonproducing acres in the core of the dry gas window of the Utica Shale, located in Belmont and Jefferson Counties, Ohio. The acreage included in the acquisition overlaps with a number of Gulfport's currently planned units and is located in the vicinity of existing interstate pipelines with gathering and compression infrastructure already under development. Gulfport currently intends to move one rig to operate on this acreage beginning in the fourth quarter of 2015. Gulfport funded the Paloma Acquisition with a portion of the net proceeds from its previously completed securities offerings.
