VANCOUVER, BRITISH COLUMBIA -- (Marketwired - Sep 21, 2015) - [MPH Ventures Corp.](#) (TSX VENTURE:MPS) (OTCBB:MPSFF) (FRANKFURT:IJA2) (the "Company") is pleased to announce, further to its news release of August 14th, the Company has increased its non-brokered private placement financing from \$600,000 to \$800,000.

The amended MPH Ventures financing will include up to 16,000,000 units (the "Unit") at a price of \$0.05 per unit to raise proceeds of up to \$800,000. The proceeds will be used to complete MPH Ventures previously announced acquisition of a 20% interest in Travelucion, an online travel media company servicing international visitors to Cuba (see July 8th & August 14th news releases), as well as for general working capital purposes.

A finder's fee of 7% in cash and 7% in non-transferable warrants (the "Finder's Warrants") may be paid in connection with part of this private placement. Each Finder's Warrant will entitle the finder to purchase a common share at a price of \$0.075 per share for a period of five years from the closing date of the private placement.

The private placement is subject to TSX Venture Exchange acceptance.

On July 8th, MPH Ventures announced that it has signed a Definitive Agreement with the shareholders of Travelucion S.L. (the "Selling Shareholders") pursuant to which the Company shall acquire a 20% interest in Travelucion S.L. in exchange for common shares of MPH Ventures and \$100,000 in cash with an option to acquire the remaining 80% interest. The Definitive Agreement is subject to TSX Venture Exchange approval.

Travelucion is a cash-flow positive online travel media company that specializes in travel marketing, electronic reservation and online booking solutions for international visitors to Cuba. It owns one of the most significant portfolios of Cuba focused web properties and domains that have been promoting Cuba and offering online travel services to the Caribbean nation since 1995. Recently, Travelucion's revenues have been increasing in the wake of the notable shift in American policy towards Cuba as diplomatic relations between the two nations normalize and with travel restrictions on Americans visiting Cuba expected to gradually relax. Online booking is one of the fastest growing sectors in the travel industry and Travelucion is poised to take advantage of this rapid growth.

Travelucion owns 100% of 432 web assets popularizing Cuban Culture, Music, Celebrities, over sixty major tourist destinations, Golf, Banking and Commerce which collectively generate over 30 million page-views per year. Through legacy agreements with Cuba's largest travel companies, Travelucion's emblematic e-commerce brands like Havanatur.com, Cuba VIP and GoCuba provide the company with access to a broader and more diverse portfolio of national travel and tourism packages in Cuba than any other travel provider. Travelucion is also uniquely established to handle the travel requirements of qualified U.S. travelers to Cuba. This allows permitted U.S. travelers, in addition to non-U.S. travelers, the ability to indulge in high end hotel and spa accommodations or create uniquely Cuban travel packages with exclusive private home rentals, exotic/antique car services and access to a multitude of exhilarating guided or self-discovery tours across Cuba. Travelucion has also developed a strong social media platform of passionate Cuba social media followers across Facebook, Twitter, Pinterest and Instagram.

MPH Ventures and Travelucion will continue to expand the existing travel and Cuba focused marketing initiatives in numerous sectors with a specific spotlight on the emerging U.S.-Cuba travel market.
