

Electra Stone Ships First 18 Tonnes of BC Jade to China

23.09.2015 | [Marketwired](#)

VANCOUVER, BC / ACCESSWIRE / September 23, 2015 / [Electra Stone Ltd.](#) ("Electra" or the "Company") (TSX.V: ELT) (44E1.F) is pleased to announce confirmation of its first shipment of British Columbia ("BC") Nephrite Jade to the People's Republic of China as part of the Company's strategy of providing a vertically integrated solution connecting BC Jade mining directly to end buyers in China

Electra has shipped an initial 18 tonnes of raw Nephrite Jade from the Port of Tsawwassen to the Port of Shanghai. Management of Electra will travel to Shanghai to receive the arriving Jade as part of a reception with end buyers including Jade carvers, manufacturers and resellers. Shanghai and the nearby region of Yangzhou are the largest importers of BC Nephrite Jade and understand the historical and spiritual significance of Nephrite Jade as the "Emperor's Stone."

"British Columbia and China share many common interests, we are honoured to bring BC's Nephrite Jade directly to the Chinese market and Shanghai is the first of many important regional markets for Electra. The similar geological environment in BC provides the conditions to produce the same Nephrite Jade in BC as the Jade that has been sought after by the people of China for thousands of years," states John Costigan, President and CEO of Electra Stone.
