

Vancouver, BC / TheNewswire / October 6, 2015 - Durango Resources Inc. (the "Company" or "Durango") is looking at other prospects with positive historical results in and around the Voisey's Bay area.

The recent announcement of the claims adjacent to anomaly D of [Equitas Resources Corp.](#) Labrador nickel-copper project (TSX.V-EQT) has prompted prospectors in the area to contact Durango and the Company will be reviewing these properties.

An update on the status of the Decouverte property in Quebec will be provided within the next week. Durango is still proceeding with its plans to complete the geophysical exploration on the property as announced on September 18, 2015.

The Company is currently working on a business plan for the Mayner's Fortune property located near the Shell Canada LNG site in Kitimat. The Company is moving ahead with the limestone projects and an update will be provided as soon as it becomes available.

About Durango

Durango is a natural resources company engaged in the acquisition and exploration of mineral properties. The Company has a 100% interest in the Mayner's Fortune and Smith Island limestone properties in northwest British Columbia, the Decouverte and Trove gold properties in the Abitibi Region of Quebec, and the Buckshot graphite property near the Miller Graphite mine in Quebec and three sets of claims in Labrador approximately 30km southeast of Vale's Voisey's Bay mine.
