

October 9, 2015 / TheNewswire / [Cardiff Energy Corp.](#) (the "Company") (TSX-V: "CRS", Frankfurt: "C2Z.F", US Pinksheets: "CRRDF") is pleased to report that the casing cement of the Clayton #1H has cured and site and equipment preparations are in their final stages with lateral drilling scheduled to commence Monday October 12, 2015. Following 5 to 7 days of lateral drilling the Company will test the well and release the initial flow rates.

In addition, the Company is pleased to announce that their Joint Venture partner [Equitorial Exploration Corp.](#) ("Equitorial") has agreed to fund 40% of all new lease acquisitions in Runnels, County Texas.

Jack Bal, President and CEO of Cardiff Energy Corp., states "in order to maximize shareholder value, acquiring oil and gas leases and drilling follow up horizontal wells is paramount. We are pleased to have come to a funding arrangement with Equitorial which will allow for expedited lease acquisitions and drilling of future wells."

President and Chief Executive Officer

Neither TSX Venture Exchange nor its Regulation Service Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release contains forward-looking statements relating to the future operations of the Company. Forward-looking statements are often identified by terms such as "will", "may", "should", "anticipate", "expects" and similar expressions. All statements other than statements of historical fact, included in this release, including, without limitation, statements regarding future plans and objectives of the Company, are forward looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's expectations are exploration risks detailed from time to time in the filings made by the Company with securities regulations.

The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company. As a result, we cannot guarantee that any forward-looking statement will materialize and the reader is cautioned not to place undue reliance on any forward-looking information. Such information, although considered reasonable by management at the time of preparation, may

prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The forward-looking statements contained in this news release are made as of the date of this news release, and the Company does not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by applicable securities laws.
