

Vancouver, BC / TheNewswire / October 26 2015 - [Cardiff Energy Corp.](#) (the "Company") (TSX-V: "CRS", Frankfurt: "C2Z.F", US Pinksheets: "CRRDF") is pleased to provide a follow up to their October 23, 2015 news release. Martin Energies, operator of the Clayton #1H reports; "We have completed the lateral drilling of the Clayton #1H and will be commencing completion activities shortly. The lateral was drilled with no issues, and encountered numerous strong gas kicks and oil shows from the Gardner zone. We have high expectations for this well."

The next steps involve equipment being released and the site being prepared to allow completion activities to commence later this week. In addition, follow up drill sites are being selected for the Company's drilling program and negotiations continue for the acquisition of prime oil and gas leases in Runnels County, Texas.

Jack Bal, President and CEO of Cardiff Energy Corp., states "We are excited to be entering the completion stage for the Clayton #1H and are looking forward to reporting the initial production rate."

The Company holds a 60% working Interest ("WI") in the Clayton #1H and their JV Partner Equitorial Exploration Corp. holds a 30% WI. To learn more about the Company and the drilling of the Clayton #1H horizontal well please visit:

This news release contains forward-looking statements relating to the future operations of the Company. Forward-looking statements are often identified by terms such as "will", "may", "should", "anticipate", "expects" and similar expressions. All statements other than statements of historical fact, included in this release, including, without limitation, statements regarding future plans and objectives of the Company, are forward looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's expectations are exploration risks detailed from time to time in the filings made by the Company with securities regulations.

The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company. As a result, we cannot

guarantee that any forward-looking statement will materialize and the reader is cautioned not to place undue reliance on any forward-looking information. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The forward-looking statements contained in this news release are made as of the date of this news release, and the Company does not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by applicable securities laws.
