MONTREAL, QUEBEC--(Marketwired - Nov 16, 2015) - Beaufield Resources Inc. ("Beaufield") (TSX VENTURE:BFD) reports that it has sampled additional drill core from its recently completed drill program (October 13, 2015 news release) on the Urban property. Samples were submitted to ALS Chemex Laboratories in Val d'Or, Quebec for assaying. Results will be announced within a few weeks when all sample assays have been received.

Beaufield has also completed its 2015 surface exploration with trenching operations over newly discovered gold occurrences. Channel sampling was completed over the recently exposed prospective zones, including one area that assayed 7.35 g/t Au in grab sample (October 22, 2015 news release).

Results of the current work will assist in the planning of a 2016 drill program.

Beaufield's property is located near infrastructure and is easily accessible by road. The Urban area is an active area with many companies operating in the area including Oban Mining, Bonterra Resources, Urbana Corporation and Metanor Resources. Please refer to Beaufield's website for a detailed map indicating the principal stakeholders for the Urban region.
