

VANCOUVER, Nov. 16, 2015 /CNW/ - [Red Eagle Mining Corp.](#) (TSX-V: RD, OTCQX: RDEMF, SSE-V: RDCL) is pleased to announce it has placed all process and infrastructure equipment orders necessary to complete the construction of its San Ramon Gold Mine. Deliveries will commence in January and continue through March, 2016. Furthermore, all construction contracts have now been awarded, civil and concrete works contractors have commenced site set up and the underground decline is being collared.

"Accomplishing these significant milestones brings us one step closer to production", comments Bob Bell, Chief Operating Officer. "Most importantly, all equipment purchases and contracts have been executed within budget."

About Red Eagle Mining

Red Eagle Mining is a well-financed gold exploration and development corporation with an experienced mine development team. Management is focused on building shareholder value through discovering and developing gold projects with low costs and low technical risks in Colombia, a jurisdiction with prolific historic production but until recently limited modern exploration. Red Eagle Mining is developing the 100 square kilometre historic Santa Rosa Gold Project located in the Antioquia Batholith. Construction is underway at the fully permitted and fully financed San Ramon Gold Mine with production expected to commence in the second half of 2016.
