

HENDERSON, NV--(Marketwired - Nov 17, 2015) - [AIM Exploration Inc.](#) (OTCQB: AEXE) Senior Management from AIM Exploration conducted high level operational meetings in Peru earlier this month as the company positions itself to deliver the first shipment of coal to India. The three days of meetings which included high level executives from Prina Energy from India, senior executives from the Port in Salaverry and owners of Peruvian logistics corporations.

"I am pleased to announce that based upon the progress and developments from our meetings earlier this month in Peru, we are getting well positioned to commence shipment of our first order of anthracite coal which we are aiming to accomplish in the first quarter of 2016," stated J.R. (Bob) Todhunter, CEO of [AIM Exploration Inc.](#), "All parties are in agreement with our logistics plans and Prina is very eager to receive their first shipment."

In addition to working on the business logistics, Aim Exploration has also been very focused on the humanitarian needs of the local community in Peru. The company has been diligent in their efforts to support and strengthen the community surrounding the mine site and the village of Lahon where the majority of the families reside that work in the mine. At the end of last month, Aim Exploration sent company representatives to meet with the families within the village and provided school supplies to the children of the community. Over 50 wrapped and prepared packages were distributed among the children. The packages included such things as pencils, pens, notebooks erasers, pencil sharpeners, a ruler, together with other sundry school supplies. Additionally, AIM delivered greatly need medication including antibiotics, pain killers, flu/cold medication, headache pills and cough medications.

Bob Todhunter, President & CEO, states these acts of humanitarian kindness works towards solidifying AIM's relationship within the local community maintaining trust and support while at the same time helping the less fortunate.

[AIM Exploration Inc.](#) (AEXE) operates as a junior mining company focused on global mining, exploration and production. Further information on our projects can be found at www.aimexploration.com and followed at <https://twitter.com/aimexploration>.

About AIM Exploration, Inc.

[AIM Exploration Inc.](#) (AEXE) is a Nevada headquartered company with an operational office in Manila City, Philippines and Lima Peru. AIM operates as a junior mining company focusing on global mining, exploration and production. The company currently has two existing projects, a 40% interest in a Feldspar mine and production plant located in the Philippines and 100% ownership of an Anthracite coal project located in Peru. The Feldspar mine is currently producing and is currently undergoing upgrades for expanded production. The operation is controlled by Paladino Mining and Development Corp. The Anthracite Coal project, AIM owns and controls through its wholly owned subsidiary Aim Exploration SA. It is considered to be high grade Anthracite Coal mining properties in the Alto Chicama basin, in the province of Otuzco in Peru.
