*Forward-Looking Statements: Forward-Looking Statements: This news release contains certain statements concerning the business of Alloycorp that constitute "forward-looking information" within the meaning of applicable securities laws. Such statements can be identified by the use of words such as "may", "would", "could", "will", "intend", "expect", "believe", "plan", "anticipate", "estimate", "scheduled", "predict" and other similar terminology, or state that certain actions, events or results "may", "could", "would", "might", or "will be taken or occur to be achieved. All statements, other than statements of historical fact, included herein, including, without limitation, the completion of anticipated financing arrangements and activities and the anticipated development of Kitsault, the expected movement of molybdenum and other commodity prices (and the Company's position in relation thereto) and expected fluctuations in exchange rates, are all forward-looking statements. These forward-looking statements are based on the opinions of management at the date the statements are made and are based on assumptions and subject to a variety of risks and uncertainties and other factors that could cause actual events to differ materially from those projected in forward-looking statements. Important factors that could cause actual results to differ materially from the Company's expectations include fluctuations in commodity prices and currency exchange rates; the satisfaction of various conditions to financing and funding; uncertainties relating to interpretation of drill results and the geology, continuity and grade of mineral deposits; uncertainty of estimates of capital and operating costs, recovery rates, production estimates and estimated economic return; the need for cooperation of government agencies and native groups in the exploration and development of properties and the issuance of required permits; the need to obtain additional financing to develop properties and uncertainty as to the availability, terms and timing of future financing; the possibility of delay in exploration or development programs or in construction projects and uncertainty of meeting anticipated program milestones; and other risks and uncertainties disclosed in the Company's Annual Information Form for the year ended December 31, 2013, which is available at [www.sedar.com](http://www.sedar.com). The Company is under no obligation to update forward-looking statements if circumstances or management's opinions should change, except as required by applicable securities laws. Forward-looking statements involve significant risks and uncertainties, should not be read as guarantees of future performance or results, and will not necessarily be accurate indicators of whether or not such results will be achieved. Accordingly, the reader is cautioned not to place undue reliance on forward-looking statements.*
