

Vancouver, BC / TheNewswire / November 23 2015 - [Cardiff Energy Corp.](#) (the "Company") (TSX-V: "CRS", Frankfurt: "C2Z.F", US Pinksheets: "CRRDF") is pleased to announce that the new Operator of the Clayton #1H, Eastern Shelf Operating LLC is on site and is commencing work to prepare for the initial production test. The results of the test are expected later this week and will be shared with the market as soon as they are available. Senior management of the Company including the CEO and VP of Exploration will be arriving in Runnels County, Texas today to oversee the production test, meet with the Operator and drilling team to plan the next set of follow up wells and to review their 100% owned Bearcat #4 well. Additionally, senior management will be meeting with oil and gas land/lease owners to finalise new lease acquisitions.

Jack Bal, President and CEO of Cardiff Energy Corp., states "Shortly Cardiff will become an oil and gas producer in Runnels County, Texas. With follow up wells planned and new lease acquisitions being finalized we are very optimistic about our future."

Neither TSX Venture Exchange nor its Regulation Service Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release contains forward-looking statements relating to the future operations of the Company. Forward-looking statements are often identified by terms such as "will", "may", "should", "anticipate", "expects" and similar expressions. All statements other than statements of historical fact, included in this release, including, without limitation, statements regarding future plans and objectives of the Company, are forward looking statements that involve risks and uncertainties. There can be no assurance that such statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. Important factors that could cause actual results to differ materially from the Company's expectations are exploration risks detailed from time to time in the filings made by the Company with securities regulations.

The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company. As a result, we cannot

guarantee that any forward-looking statement will materialize and the reader is cautioned not to place undue reliance on any forward-looking information. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ materially from those anticipated. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The forward-looking statements contained in this news release are made as of the date of this news release, and the Company does not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as expressly required by applicable securities laws.
