

Gold Lakes Corp. Announces Submission of OTCQB Application

03.12.2015 | [FSCwire](#)

Painesville, Ohio - [Gold Lakes Corp.](#) (OTC Pink: GLLK) is pleased to announce that it has filed its year-end annual report for the fiscal year ended July 31, 2014 with the Securities and Exchange Commission and the OTC Markets.

"We are very pleased to have completed our year-end audit, thus providing value to shareholders and allowing management to further our business. I would like to thank our auditor and accounting department for having completed these tasks in a timely manner, in addition, I would be remiss if I didn't thank our shareholders for their patience and understanding as we worked quietly on the particulars," said Christopher Vallos, President and CEO of Gold Lakes Corp.

Mr. Vallos also commented, "We are also very excited about submitting the application to upgrade to OTC Markets' 'QB' designation. We expect that, if granted, this designation will facilitate an increased following of shareholders and brokers who prefer the QB's listing standards."

About OTC Markets' QB Designation

The OTCQB® Venture Marketplace is for entrepreneurial and development stage U.S. and international companies. To be eligible, companies must be current in their reporting and undergo an annual verification and management certification process. These standards provide a strong baseline of transparency, as well as the technology and regulation to improve the information and trading experience for investors. Companies must meet a minimum \$0.01 bid price test and may not be in bankruptcy. OTCQB criteria include:

- Companies are current in their reporting to a U.S. regulator or are listed on a qualified international stock exchange
- Minimum bid price test of \$0.01 removes companies that are most likely to be the subject of dilutive stock fraud schemes and promotion
- Improved investor confidence through verified information, confirming that the Company Profile displayed on www.otcmarkets.com is current and complete
- Annual management certification process to verify officers, directors, controlling shareholders, and shares outstanding
- Greater information availability for investors through the OTC Disclosure & News Service
