10.09.2014 | [Marketwired](#)

VANCOUVER, Sept. 10, 2014 - [First Sahara Energy Inc.](#) ("First Sahara" or the "Company") (CSE:FSE) announces that it is undertaking a non-brokered private placement of up to \$400,000 through the issuance of up to 13,333,333 units at \$0.03 per unit (the "Financing"). Each unit consists of one common share in the capital of the Company (a "Common Share") and one Common Share purchase warrant (a "Warrant") entitling the holder to purchase one additional Common Share for \$0.05 for a period of 12 months from closing of the Financing. The Company may pay commissions in cash or kind to brokers who assist in completion of the Financing.

In addition to investors that qualify under customary exemptions to the prospectus requirement under Canadian securities laws, including "accredited investors", the Financing will be available to holders of Common Shares of First Sahara as of September 9, 2014 ("Existing Shareholders") resident in certain Canadian jurisdictions. Existing Shareholders will be eligible to purchase Units under the Financing pursuant to the "existing security holder" prospectus exemption recently adopted in all Canadian jurisdictions other than Ontario and Newfoundland. As a result of the adoption of the new instruments, there is no longer a need for an Existing Shareholder to qualify under the "accredited investor" or other exemption in order to participate in the Financing, however Existing Shareholders who do not receive advice regarding the suitability of their investment from a registered investment dealer may not purchase more than \$15,000 of securities of the Company under this exemption in any 12 month period.

In the event there is an over subscription of units, the Company reserves the right to either reject subscriptions at its discretion, allocate on a pro rata basis or increase the size of the Financing. It is anticipated that the Financing will be open until October 15, 2014.

The Company applied for and received an exemption from the private placement minimum pricing rules of the Canadian Securities Exchange. Funds from this placement shall be used for general working capital, including the review of possible acquisitions.
