

VANCOUVER, BRITISH COLUMBIA / TheNewswire / February 16, 2016 / [MGX Minerals Inc.](#) ("MGX" or the "Company") (CSE: XMG / FKT: 1MG) is pleased to announce construction and improvements to the haul road have commenced at the Driftwood Creek magnesium project. The development work is being completed in support of the 100 tonne bulk sample currently underway. This work was previously planned for Spring 2016 but has been accelerated under the comprehensive development agreement with Dominion Excavating.

#### About MGX Minerals

MGX Minerals (CSE: XMG) is a diversified Canadian mining company engaged in the acquisition and development of industrial mineral deposits in western Canada that offer near-term production potential, minimal barriers to entry and low initial capital expenditures. The Company operates the Driftwood Creek magnesium project located in the East Kootenay Region of British Columbia. MGX has recently received approval of a 20 year mining lease for Driftwood and bulk sampling is currently underway. For further information, please visit the Company's website at [www.mgxminerals.com](http://www.mgxminerals.com).

#### About Dominion Excavating

Dominion Excavating is a quarry mining and construction company located in Invermere, BC. MGX has entered into a comprehensive development agreement with Dominion for the road and mine construction at the Driftwood Creek magnesium project. Under the agreement Dominion is acquiring an equity position in MGX in exchange for development work. Dominion is a First Nations owned company.
