

Proxy Advisory Firms Recommend that Shareholders of Oban and NioGold Vote FOR the Business Combination

23.02.2016 | [Marketwired](#)

Shareholders Reminder to Vote Prior to March 2, 2016 (proxy submission deadline)

TORONTO, Feb 23, 2016 - [Oban Mining Corp.](#) (TSX:OBM) ("Oban") and [NioGold Mining Corp.](#) (TSX VENTURE:NOX) ("NioGold") are pleased to announce that two leading independent proxy advisory firms that provide voting recommendations to institutional investors (being Institutional Shareholder Services Inc. ("ISS") and Glass Lewis & Co. ("Glass Lewis")), have each recommended that shareholders approve the proposed business combination of Oban and NioGold pursuant to which Oban will, among other things, acquire all of the issued and outstanding common shares of NioGold by way of a statutory plan of arrangement under the *Business Corporations Act* (British Columbia) (the "Arrangement").

Recommendation to NioGold Shareholders

ISS has recommended that shareholders of NioGold vote FOR the special resolution to approve the proposed Arrangement stating that, "In light of the significant implied premium and the reasonable strategic rationale, shareholder approval of this resolution is warranted."

Recommendation to Oban Shareholders

The leading independent proxy advisory firms, ISS and Glass Lewis, have recommended that shareholders of Oban vote FOR the ordinary resolutions to approve the issuance of common shares of Oban in connection with the Arrangement and the private placement of 10,521,700 subscription receipts of Oban sold on a "best efforts" private placement basis on February 3, 2016 (the "Share Issuance Resolution"). Specifically, Glass Lewis confirms that, "the all-stock consideration and concurrent placement stand to not only preserve Oban's existing cash balance, but, in fact, expand the combined firm's liquidity and position Oban to independently pursue further exploration and development with greater certainty in the near to medium term. Based on these factors and the unanimous support of the board, we believe shareholders should support the NioGold arrangement."

Additional information concerning the Arrangement and the Share Issuance Resolution among other matters, can be found in the joint management information circular of Oban and NioGold dated February 3, 2016 (the "Circular"). An electronic copy of the Circular is available on Oban's website at www.obanmining.com and on NioGold's website www.niogold.com. The Circular is also available on SEDAR under the issuer profiles of both companies at www.sedar.com.
