

VANCOUVER, BRITISH COLUMBIA--(Marketwired - Mar 14, 2016) - Dynasty Metals & Mining Inc. ("Dynasty" or the "Company") (TSX:DMM)(OTCQX:DMMIF) is pleased to announce the appointment of Ruben Gellibert to the role of Interim Chief Financial Officer, to replace Nick Furber, who will continue on in a reduced role for as long as required to ensure a smooth transition before stepping away.

Mr. Gellibert, who was born and raised in Ecuador and moved to Canada in 2005, is a Canadian Chartered Professional Accountant and an Ecuadorean Authorized Public Accountant and has spent the last six years at Dynasty working closely with Mr. Furber, first in the position of Head Office Accountant and more recently as Corporate Controller. These positions have allowed him to gain comprehensive experience and knowledge in the financial, legal and operational matters of the Company. "We are very pleased to appoint Ruben to the role of Interim CFO," commented Dynasty CEO Robert Washer. "Ruben brings to the role his wealth of experience with Dynasty as well as his in-depth knowledge of the Ecuadorian culture and proficiency in the local language. The vast majority of Dynasty's employees are Ecuadorian and we look forward to drawing on Ruben's valuable business and Ecuadorean experience to help further the Company's operations."

Mr. Gellibert will continue to be based in Vancouver but will also spend time in Ecuador leading the financial teams in both Quito and Zaruma.

The management and board of Dynasty offer their sincere thanks to Mr. Furber for his contribution to the Company over the past nine years and his offer to assist with the transition. The Company also wishes him well in his future endeavours.

About Dynasty Metals & Mining

Dynasty Metals & Mining Inc. is a Canadian based mining company involved in the mining, exploration and development of mineral properties in Ecuador. The Company is currently focused on gold production and continued development at its Zaruma Gold Project. The Company also owns the Dynasty Goldfield Project, a permitted property 180km southwest of the Zaruma project, and the Jerusalem Project, an exploration property immediately south of the Fruta del Norte project.
