

Vancouver, British Columbia--(Newsfile Corp. - March 17, 2016) - Diamond Fields International Ltd. (TSXV: DFI) is pleased to announce the amicable resolution of arbitration proceedings initiated in 2011 against the Government of Liberia, in which the Company alleged that the Government wrongfully terminated the Company's license on the Henry Town gold project (see News Release dated February 9, 2011). The parties began working towards a settlement in April 2014, but discussions were postponed indefinitely due to the 2014 Ebola outbreak. Recently the parties resumed negotiations, and reached an agreement in February 2016 to dismiss the arbitration without prejudice to refilling, and with each party bearing its own costs. A final order was entered at International Center for Settlement of Investment Disputes on March 11, 2016.

Diamond Fields believes that dismissing the arbitration will serve as a foundation for future, mutually beneficial opportunities in Liberia.
