

LAKEWOOD, Colo., March 22, 2016 /CNW/ -- [General Moly Inc.](#) (the "Company" or "General Moly") (NYSE MKT and TSX: GMO) announces that Chief Executive Officer Bruce D. Hansen will present at the John Tumazos Very Independent Research Metals and Natural Resources Conference at 8:35 a.m. ET on March 31, 2016 in New York City.

A webcast of the presentation will be available live at the appointed time and on replay under the Investors/Events and Presentations section of the Company's website. The Company presentation will also be posted as a PDF on the website.

Mr. Hansen will provide a Company update and address the Company's priorities for 2016, including discussing the strategic partnership with one of China's largest private enterprises and now largest shareholder of General Moly, Amer International Group, as well as the Company's solid financial position to fund its current business activities into early 2018.

About General Moly

General Moly is a U.S.-based molybdenum mineral development, exploration and mining company listed on the NYSE MKT and the Toronto Stock Exchange under the symbol GMO. The Company's primary asset, an 80% interest in the Mt. Hope Project located in central Nevada, is considered one of the world's largest and highest grade molybdenum deposits. Combined with the Company's wholly-owned Liberty Project, a molybdenum and copper property also located in central Nevada, General Moly's goal is to become the largest pure play primary molybdenum producer in the world.
