

VANCOUVER, BRITISH COLUMBIA--(Marketwired - Apr 4, 2016) - [ShaMaran Petroleum Corp.](#) ("ShaMaran" or the "Company") (TSX VENTURE:SNM)(OMX:SNM) refers to the announcement on March 14, 2016 of a proposed financing arrangement (the "Arrangement") to complete its share of the estimated investments required in 2016 in order to deliver the Atrush field into production, and the announcement on March 31, 2016 which cancelled the Bondholders' Meeting summoned for April 1, 2016 in light of the new information presented therein.

The Company and General Exploration Partners, Inc. ("GEP"), the Company's wholly owned subsidiary which holds a 26.8% interest in the Atrush Block production sharing contract, have today requested Nordic Trustee to summon a new bondholders' meeting on April 19, 2016 to approve the Arrangement. The Arrangement proposed to holders of the USD 150 million bonds ("Existing Bondholders") under ISIN NO 0010692882 (the "Existing Bonds") listed on the Oslo Stock Exchange, which were issued November 13, 2013, will provide the Company with additional liquidity in 2016 of approximately USD 33 million net of transaction costs.

The principal terms of the Arrangement are as follows:

1. GEP issues new USD 17 million super senior bonds ("Super Senior Bonds"). The Super Senior Bonds will be based on the same agreement as the Existing Bonds with the same maturity date of November 13, 2018 and an 11.5% coupon interest payable semi-annually. GEP will have the option to pay the coupon interest on the Super Senior Bonds in cash or in kind by issuing new bonds ("PIK Bonds"). GEP has entered into an agreement to underwrite the Super Senior Bonds with major shareholders; Lorito Holdings SARL and Zebra Holdings and Investments SARL, companies owned by the Lundin Family Trust, are underwriters. The subscription period for the Super Senior Bonds is expected to close on April 22, 2016 at CET 16.00, unless further extended.
1. The Company offers the Existing Bondholders the option to convert up to USD 18 million of Existing Bonds at face value into ShaMaran common shares at a price based on the market price of the shares at the launch of the conversion offer. The conversion offer is to be launched following approval of the Arrangement at the Bondholder's Meeting, with pro rata allocation among Existing Bondholders upon oversubscription.
1. The Bond Agreement for the Existing Bonds is to be amended so that (i) the 2016 coupon interest (USD 17.25 million before considering any conversion in 2 above) is settled by issuing new PIK Bonds; (ii) GEP has the option to pay in cash or in kind (by issuing new PIK Bonds) post-2016 coupon interest; and (iii) certain waivers and amendments including subordination of the Existing Bonds' security to the Super Senior Bonds' security and an amendment of terms relating to the book equity ratio.

ShaMaran is considering offering a subsequent private placement of shares for cash for the remainder if USD 18 million is not converted under point 2 above.

To facilitate the approval process a summons letter will be issued by Nordic Trustee tomorrow, April 5, 2016, for a Bondholders' Meeting of Existing Bondholders on April 19, 2016, 13:00 hours in Oslo. The summons letter with its appendices will be available on Nordic Trustee's website www.stamdata.com as from tomorrow, April 5, 2016. ShaMaran has published an updated corporate presentation on its website (www.shamaranpetroleum.com).

The conversion offer is subject to final approval by TSX Venture Exchange.
