

# True Gold Mining Inc. Announces First Gold Production

11.04.2016 | [Marketwired](#)

[True Gold Mining Inc.](#) (TSX VENTURE:TGM) ("True Gold" or the "Company") is pleased to announce that it achieved first production at the Karma gold mine on April 11, 2016, a few weeks following the start of leaching of ore.

"Today is a great achievement for everyone that has been involved in building the Karma gold mine," said Christian Milau, President & CEO of True Gold. "This achievement is a direct result of the hard work and dedication of the management team and employees, Board of Directors, our suppliers and financing partners, as well as the strong support of the Government of Burkina Faso and local communities. We would also like to thank our shareholders who have supported our vision of building an intermediate gold producer. We have achieved this via the combination with Endeavour Mining Corporation. Our shareholders will continue to participate in Karma's success as significant shareholders in a diversified, growth oriented intermediate gold producer. We are delighted to pass this key milestone at the Karma mine and are now focused on the ramp up period towards achieving commercial production."

David Laing, MIMMM Chief Operating Officer of True Gold is the designated Qualified Person for this news release within the meaning of National Instrument 43-101 Standards of Disclosure for Mineral Projects and has reviewed and verified that the technical information contained in this release is accurate and approves of the written disclosure of same.

## About True Gold

[True Gold Mining Inc.](#) is where gold comes to life. We are committed to growing a successful gold production company, by focusing on projects with low costs, low technical risks and solid economics. The Company's board, management and technical teams have proven track records in gold exploration, development, and production worldwide.

## ON BEHALF OF THE BOARD

Christian Milau  
President & CEO

*Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*

*All statements in this press release, other than statements of historical fact, are "forward-looking information" with respect to True Gold within the meaning of applicable securities laws, including statements with respect to the potential quantity and/or grade of minerals, potential size and expansion of a mineralized zone, proposed timing of construction completion and first gold pour. Forward-looking information is often, but not always, identified by the use of words such as "seek", "anticipate", "plan", "continue", "planned", "expect", "project", "predict", "potential", "targeting", "intends", "believe", "potential", and similar expressions, or describes a "goal", or variation of such words and phrases or state that certain actions, events or results "may", "should", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking information is not a guarantee of future performance and is based upon a number of estimates and assumptions of management at the date the statements are made including, among others, assumptions about processing and recovery of mined and stockpiled ore, future prices of gold, currency exchange rates and interest rates, favourable operating conditions, political stability, obtaining governmental approvals and financing on time, obtaining renewals for existing licences and permits and obtaining required licences and permits, labour stability, stability in market conditions, availability of equipment, accuracy of any mineral resources, successful resolution of disputes and anticipated costs and expenditures. Many assumptions are based on factors and events that are not within the control of True Gold and there is no assurance they will prove to be correct.*

*Such forward-looking information, involves known and unknown risks, which may cause the actual results to be materially different from any future results expressed or implied by such forward-looking information, including, risks related to the interpretation of results at the Karma Project, processing and recovery of mined and stockpiled ore, reliance on technical information provided by third parties as related to the Karma Project; changes in project parameters as plans continue to be refined; current economic conditions; future prices of commodities; possible variations in grade or recovery rates; the costs and timing of the development of new deposits; failure of equipment or processes to operate as anticipated; the failure of contracted parties to perform; the timing and success of exploration activities generally; satisfaction of Burkina Faso requirements relating to the periodic submissions of Environmental Impact Assessments; possible claims against the Company; labour disputes and other risks of the mining industry; delays in obtaining governmental approvals, uncertainties relating to the interpretation of drill results and the estimation of mineral resources, the geology, grade and continuity of mineral deposits, accidents, equipment breakdowns, risk of undiscovered, title defects and surface access, uncertainties related to the Company's relationship with communities that surround its properties in Burkina Faso, risks related to the financing agreement with Franco-Nevada and Sandstorm, including the Company's ability to meet its scheduled delivery obligations, the potential for unexpected costs and expenses, commodity price fluctuations, currency fluctuations, political risk as well as those factors discussed in the Annual Information Form of the Company dated March 16, 2016 in the section entitled "Risk Factors", under True Gold's SEDAR profile at [www.sedar.com](http://www.sedar.com).*

*Although True Gold has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate as actual results and future events could differ materially from those anticipated in such statements. True Gold disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise unless required by law.*
