

TORONTO, April 14, 2016 /CNW/ - Pacific Exploration & Production Corp. (TSX: PRE) (BVC: PREC) today provided an update in respect of its efforts to formulate a comprehensive financial restructuring that will reduce debt, improve liquidity, and best position the Company to navigate the current oil price environment.

The Company has engaged in an extensive bid solicitation process over the last few months, which process involved the active participation of (i) an ad hoc committee of noteholders (the "Ad Hoc Committee") representing over 50% of the aggregate principal amount of the Company's senior unsecured notes; and (ii) the Company's lenders under its credit facilities (the "Bank Lenders"). As previously announced, a number of proposals were received from third parties. As part of this process, bidders were permitted to disclose their offers to, and negotiate directly with, the Ad Hoc Committee and the Bank Lenders.

Following this process, the Board of Directors of the Company, acting upon a recommendation of the Independent Committee of the Board, has resolved to negotiate a consensual restructuring transaction involving The Catalyst Capital Group Inc. ("Catalyst") and the Company's creditors. The Company, the Ad Hoc Committee, the Bank Lenders and Catalyst continue to be engaged in direct negotiations in an effort to finalize the terms of such restructuring as soon as possible. There can be no assurance that the parties will reach an agreement with respect to such a restructuring or as to the terms of any restructuring.

The Company's operations continue as normal and without disruption. The Company has remained, and intends to remain, current with its suppliers, trade partners and contractors.

The Company and its creditors remain committed to finding the best alternative for the long-term interests of the Company, its approximately 2,400 employees and more than 3,000 contract workers, suppliers, customers and other stakeholders. The Company intends to advise the market by further news release immediately following the execution of any definitive documentation, which release shall include the terms of such restructuring.
